Vol. 18, No. 6 • DECEMBER 1950 • Author and Subject Index

THE ARMY MEDICAL LIBRARY
PHOTODUPLICATION SERVICE

The purpose of photoduplication is to extend the services of the Library to those at a distance who cannot come in person to use its collections. To this end the Library will:

1. Loan without charge single microfilm copies of original articles published in medical periodicals not available locally.
2. Fill requests for microfilm and photoprints for official business in the Department of Defense free of charge.
3. Sell microfilms and photoprints to those desiring to retain them.

Except when the order is accompanied by the written permission of the copyright owner, the Army Medical Library will not reproduce books protected by copyright, or complete issues of periodicals, or make more than one copy of any item.

INSTRUCTIONS

All requests, including those for loans must be submitted on AML official order Blank (Form 48), a supply of which will be furnished on request. Loan requests must be routed through libraries, governmental agencies, or research institutions. Microfilm loans are to be returned to the AML within ninety days of receipt.

Purchase orders must be accompanied by cash, check or money order made payable to the Treasurer of the U. S., or by AML or UNESCO coupons sold for that purpose. Rebates will be made by AML coupons unless cash is specifically requested. Federal agencies will be billed periodically by means of Standard Form 1049 (Voucher).

CHARGES

For those desiring to purchase microfilms and photoprints, the charges are:

1. Microfilm: 50 cents for each 36 pages or fraction thereof from a single article.
2. Photoprints: 50 cents for each 3 pages or fraction thereof from a single article.

The **CURRENT LIST of MEDICAL LITERATURE** is for sale by the Superintendent of Documents, U. S. Government Printing Office, Washington 25, D. C. Price: \$5.00 per year; \$11.50 foreign. ALL communications regarding subscriptions should be addressed to the Superintendent of Documents.

Published monthly by the **ARMY MEDICAL LIBRARY**, 7th Street and Independence Avenue, S.W., Washington 25, D. C., as an intraservice publication of the Department of Defense. Lists articles of medical interest contained in current journals received. Author and subject index provided monthly. Exchange invited.

LIST OF JOURNALS

Journal titles preceded by an asterisk (*) are contained in the July issue of the CURRENT LIST OF MEDICAL LITERATURE. To the right of each title appears the reference to the first issue indexed by the new CURRENT LIST. Due to the normal irregularity of delivery and variation in frequency of issue in some instances no number was received in time for inclusion, in this issue, of information regarding the journal. Subsequent issues of the CURRENT LIST will supply this information along with other changes, additions and deletions to this initial journal list.
